TechnipFMC Awarded Significant Contract by Equinor for Halten East Development

NEWCASTLE & HOUSTON, May 25, 2022 — TechnipFMC (NYSE: FTI) has been awarded a significant⁽¹⁾ engineering, procurement, construction, and installation (EPCI) contract by Equinor for subsea tiebacks for the Halten East development on the Norwegian Continental Shelf.

The contract covers the manufacture and installation of flowlines and the installation of umbilicals and subsea structures. The development of Halten East consists of the Gamma, Harepus, Flyndretind, Nona, Sigrid and Natalia discoveries. Halten East is a subsea development tied back to the existing infrastructure on the Åsgard field.

Jonathan Landes, President, Subsea at TechnipFMC, commented: “We are proud that we can help our longstanding partner Equinor and its consortium partners transform the economics of this project by

Forward-Looking Statement

This release contains "forward-looking statements" as defined in Section 27A of the United States Securities Act of 1933, as amended, and Section 21E of the United States Securities Exchange Act of 1934, as amended. The words "expect," "believe," "estimated," and other similar expressions are intended to identify forward-looking statements, which are generally not historical in nature. Such forward-looking statements involve significant risks, uncertainties and assumptions that could cause actual results to differ materially from our historical experience and our present expectations or projections. For information regarding known material factors that could cause actual results to differ from projected results, please see our risk factors set forth in our filings with the United States Securities and Exchange Commission, which include our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, and Current Reports on Form 8-K. We caution you not to place undue reliance on any forward-looking statements, which speak only as of the date hereof. We undertake no obligation to publicly update or revise any of our forward-looking statements after the date they are made, whether as a result of new information, future events or otherwise, except to the extent required by law.
